TaylorMade Tuned Performance Center Pittsburgh

The TaylorMade Tuned Performance Center Pittsburgh is a premier *TaylorMade® Golf* club fitting location featuring the same club/shaft matrix found at The Kingdom and *TaylorMade® Performance Labs*.

Our premier center is located at Vietmeier Golf Center in McKees Rocks, PA; 2 miles from the Moon Run/Crafton Exit on Interstate 79 and is open to the public year round.

FlightScope® technology is utilized for all sessions and all sessions are conducted by a TaylorMade Golf Certified Club Fitter.

Our role as a TaylorMade Tuned Performance Center is to deliver an experience that dials in every golfer to their perfect set of clubs.

Utilizing FlightScope 3D Doppler Radar technology and the latest TaylorMade equipment; our certified TaylorMade club fitters will assess your swing and recommend the appropriate equipment and club specifications to maximize what you do well and minimize what you don't. But it doesn't end there, our center is unique as we offer a true authentic experience with our outdoor facility. Once you have been dialed in, take your custom fit clubs outdoors.

We deliver a tour level fit . With over 30+ driver shafts and 15+ iron shafts, at no extra charge, no need to buy off the rack. It's your investment, get a professional custom fitting by our experts.
